

## Paying Your Table Money with Compa\$\$

With a Compa\$\$ account you can now pay your table money without using cash or vouchers. Think of it as your own piggybank that you regularly put money into, and then when you play, your \$5 table money is automatically deducted. You'll be able to view the balance of your account and your transactions online. From January 2022 if you join a RealBridge session, this is the only way to pay. There are 3 simple steps to follow to get yourself ready to go – BANK, SET-UP, PLAY.

**BANK** – make a payment into the HBC Compa\$\$ holding account:

**06-0169-0005333-19**

**Particulars** [*First name*] **Code** [*Last name*] **Reference** [*NZ Bridge Number*]

- Minimum payment amount \$20.00
- Don't use this account for tournament or subscription payments

**SET-UP** – within 10 working days you'll receive an email letting you know your Compa\$\$ account has been created. Then:

- Go to **mycompasss.com** [NOTE the 3 sss in compass]
- Click on "*Not Registered? Sign up here*"
- Create your user-name [letters and numbers only], fill in your NZ bridge #, email and create your password [6 character minimum]. Click the captcha "*I am not a robot*" and click "*Sign up*"
- From the Compass Scoring System screen under Quick Links: click on "*Compa\$\$ Accounts*" to view your data
- Transactions are updated weekly (not daily)

**PLAY** – you're all set. No more cash or vouchers required. Compa\$\$ is linked to the Bridgemates and Compass scoring system.

- When playing at the clubrooms sign the register (just once) at the Director's table – from this point forward your table money will be deducted from your Compa\$\$ account
- Use your vouchers up first **or** hand them in to the Director and have the value transferred to credit your Compa\$\$ account

### REMEMBER:

- Keep your account topped up enough to cover your usage
- Always use the bank account number above to pay money into your Compa\$\$ account
- All money in your account remains your property
- Any issues – email Richard Andrew: [richardandrew1568@gmail.com](mailto:richardandrew1568@gmail.com)
